WELCOME

Thank you for joining us at the 16th annual Wacky Wine Weekend, proudly hosted by the Robertson Wine Valley.

You form part of thousands of fellow wine lovers who made the journey to experience master wine tastings, exquisite wine and food pairings, educational wine presentations and private tastings with the valley’s most esteemed winemakers. During the next three days, over 30 wineries and tourism establishments will showcase our valley’s award winning wines, facilities and local produce.

Apart from the old time favourites, Robertson Wine Valley offers an array of other activities catering to your unique tastes and interests. We therefore urge you to go off the beaten track and set aside time to explore some of these gems for an authentic Wacky Wine Weekend experience.

We hope that you will savour all of the fun-filled and unique offerings at Wacky Wine Weekend 2019. Please remember to celebrate responsibly.

Cheers,
The Robertson Wine Valley team

WACKY WINE WEEKEND FESTIVAL GUIDE AND TIPS

STAY SAFE – SEE SAFE TRANSPORT OPTIONS ON OUR WEBSITE.

CONSUME ENOUGH SNACKS AND WATER
This weekend, eating is not cheating… all the tasting and exploring that you will be doing is sure to work up an appetite. Ensure that you stop for regular snack breaks at one of the many delightful food spots at this year's Wacky.

CLEAR YOUR BOOT TO STOCK UP WITH LOADS OF ITEMS FROM THE VALLEY
There is no point in tasting and experiencing all of the wonderful offerings of the valley if you are not able to stock up on some of it to take home. Ensure that there is enough trunk space in your vehicle to avoid this dilemma.

HAVE YOUR PHONE CHARGED AT ALL TIMES
There are many reasons why having your phone charged is must… calling transport, finding a friend and of course, taking lots of selfies! @Wacky_Wine

KNOW YOUR ALCOHOL INTAKE LIMIT
Eat wholesome snacks, hydrate with Healthy Mineral Water and take a break from the alcohol, if you are experiencing the following symptoms: not being able to walk on a straight line & seeing double and having difficulty with the pronunciation of “Cabernet Sauvignon”.

LET'S TALK ABOUT WINE!
A little bit of wine knowledge goes a long way as it can open doors to new flavours and styles that will take your palate on an adventure.

Start the conversation with these talking points:
º What cultivar and vintage is this?
º What is the terroir of the vineyards (where the grapes were grown)?
º Did this wine have any contact with barrels? For how long?
º What aromas should I look out for?
º What can I pair with this wine at home?
º Where is this wine available in my home town?

In 1918 in the wake of the Great Flu Epidemic an orphanage, Die Herberg, was built by the Robertson community for the children left orphaned and destitute. In 2003, a 5ha vineyard was planted on the orphanage’s grounds by the same community, to continue to aid the children of the Robertson Children’s home. All planting material, soil preparation and irrigation was donated, and the wine is made for free by sympathetic cellars. The Thunderchild blend is sold in aid of these proverbial Thunderchildren, who today are mostly from broken homes - homes where the sun does not always shine, and where dark clouds often loom.

The grapes for the Thunderchild blend - Cabernet Sauvignon, Cabernet Franc and Merlot - are grown on the orphanage’s grounds, and 100% of the profits & proceeds from the sale of the wine is donated to the children in the form of an educational trust. The Thunderchild trust has subsequently paid for private tutors, extra classes, as well as fees for special needs schools, universities & colleges.

Thunderchild is audited by PriceWaterhouseCoopers annually and only true audited costs are remunerated - time and effort cannot be recompensed.

Contact: 023 626 3661 | info@thunderchild.co.za | www.thunderchild.co.za

A portion of the proceeds of your Wacky Wine passport will be donated to the Thunderchild project.
